# 20 kW 3-PHASE AIR-COOLED AUTOMATIC STANDBY GENERATOR

## CHOOSE THE #1 SELLING HOME STANDBY GENERATOR BRAND

Generac's Guardian Series generators are the number one selling home standby generator brand on the market. Now Generac is offering the same reliable generator in a 3-Phase application. Ideal for backing up your small business or home, these generators will keep your home or business protected 24/7 from the potential dangers of a power outage. They start automatically in the event of a power outage and are fueled by the existing NG or LP fuel supply..

*\* Total harmonic distortion (THD) less than 5.0%—lower than both IEEE standards for utility power and published numbers for competitive air-cooled home standby generators.*

# FEATURES

**5-Year Limited Warranty** for automatic standby generators.

**True Power™ Technology** delivers best-in-class power quality with less than 5 percent total harmonic distortion for clean, smooth operation of sensitive electronics and appliances.

Generac generators and engines are **Engineered and Built in the USA\***  
*\*Built in the USA using domestic and foreign parts*

**Generac's G-Force Engines** are purpose-built, pressure-lubricated engine capable of handling the rigors of generator use, resulting in power that's more reliable and requires less routine maintenance than any competitive engine.

**24/7 • 365 Customer Support Team** standing by all day, every day from our headquarters in Wisconsin to answer any questions you might have.

**Quiet-Test™ Self-Test Mode** runs at a lower RPM for a five minute test, making generators significantly quieter than other brands while consuming less fuel.

**Tough, Durable All-Aluminum Enclosures.** Our RhinoCoat™ powder-coated finish helps make corrosion-resistant aluminum perfect for all weather conditions.

**Smart, User-Friendly Controls.** Generac's Evolution™ Controller features a multilingual LCD display that allows you to monitor battery status and track maintenance intervals to ensure your generator is always in top operating condition.

**Mobile Link™ Remote Monitoring** allows you to monitor the status of your generator from anywhere in the world using a smartphone, tablet, or PC. Easily access information, such as the current operating status and the generator's maintenance schedule. Connect your account to your authorized service dealer for fast, friendly and convenient assistance. *(Sold Separately, Cellular options available in US only).*

**7 out of every 10 homeowners choose  
Generac when investing in home backup power.**
