SERIES

GENERAC®

XG SERIES PORTABLE GENERATORS

Premium, portable power for home or job site

XG SERIES GENERATORS 3600 – 10000 WATTS

The premium XG Series models come loaded with features that make owning and using a portable generator easy. Comprehensive and accessible controls are user-friendly, and the heavy duty design with full-wrap frame tubing is engineered for years of dependable use.

Covered Outlets

Provides added protection from the environment and rugged working conditions

Easy to Read Fuel Gauge

Quickly monitor fuel usage

Plug-in Battery Charge Jack

Keep the battery charged and ready to go - included on electric start models (XG7000E, XG8000E, XG10000E)

Exclusive Lighted PowerBar™

Displays available power

Illuminated Control Panel

For improved visibility

Fold-down, Locking Handles

Provide easy portability, factory installed

Compact Design

Provides unparalleled power to weight ratio

Heavy-duty, Never-flat, Rally-style Wheels

For easier portability

GENERAC OHVI® ENGINE

The power behind the performance.

All models feature Generac's OHVI engine, which utilizes the same type of pressurized oil lubrication used to give automobile engines long and trouble free lives and has a significantly longer life than many competitive engines – an unprecedented three to four times longer.

WHAT'S INCLUDED

- Wheel Kit & Handles
- Engine Oil Supply
- Owner's Manual
- Maintenance Kit

Convenient all-in-one control panel (XG4000, XG6500, and XG8000 only)

How much power do you need?

How do you determine what size generator you need?

Sizing a portable generator is relatively easy. Check out this sample:

- 1 Choose which devices you want to power at the same time.
- 2 Record and add the running watts listed for each device that you need to power.
- 3 Record the starting watts listed for each device.
- 4 Select the one device with the highest starting watts. Add that number to the the total running watts to determine the total wattage requirement.

Device	Running Watts	Additional Starting Watts	Generator Size
Paint Sprayer	600	1200	Minimum starting watts for your needs
Halogen Light	1000	0	
Belt Sander	1200	2400	
Table Saw	1800	4500	
Total	4600	+	4500 = 9100 starting watts

	Device	Running Watts	Additional Starting Watts
Household	Coffee Maker	1500	-
	Computer with a 17" Monitor	800	-
	Electric Range - 8" Element	2100	-
	Electric Water Heater	2000	1000
	Garage Door Opener-1/2 HP	875	2350
	Microwave - 1000 Watts	1000	-
	Refrigerator/Freezer	700	2200
	Sump Pump 1/2 HP	1050	2150
	Television - 27"	500	-
	Washing Machine	1150	2300
	Well Pump - 1/2 HP	1000	2100
	Central AC - 24,000 BTU	3800	4950
	Furnace Fan Blower - 1/2 HP	875	2300
	Heat Pump	4700	4500
	Window AC - 12,000 BTU	3250	3950
Job Site	Air Compressor - 1/2 HP	1000	2000
	Airless Paint Sprayer- 1/3 HP	600	1200
	Belt Sander - 3"	1200	2400
	Circular Saw - 7-1/4"	1400	2300
	Hand Drill - 1/2"	600	900
	Reciprocating Saw	960	-
	Quartz Halogen Work Light	1000	-
	Table Saw, 10"	2000	2000
Recreation	CD / DVD Player	100	-
	Color TV - 13"	150	-
	Inflator Pump	50	150
	Outdoor Light String	250	-
	Slow Cooker	250	-
	RV Air Conditioner (13,500 BTU)	1500	700

*Watts listed are approximate. Check your appliance for actual requirements. Total wattage requirements assumes intermittent starting of devices.

PORTABLE POWER SINCE 1959

Since the original portable that started it all in 1959, Generac has continued to engineer advances in standby power for more than fifty years. Generac's product range now includes power solutions from RV, portable, and automatic home standby generators to backup systems for commercial and industrial applications, all backed by an extensive nationwide service network of certified dealers. Because of our ongoing commitment to quality and innovation, Generac is the name home and business owners have come to trust.

PORTABLE PARTS AND SERVICE

Generac portable generators are supported through an extensive nationwide service network that provides parts and technical support to homeowners and contractors. For a portable generator dealer near you, visit generac.com.

#1 SELLING HOME STANDBY GENERATOR

The #1 selling home standby generator from Generac provides home and family with true security – automatically – during power outages. While portable generators are an excellent option for many applications, installing an automatic standby generator means no more hassles from setting up a portable in the dark, gas cans and extension cords. Generac has more home and business automatic standby options than any other manufacturer.
