

# MLT4000 SERIES WIDE BODY LIGHT TOWERS

# 4000 SERIES WIDE BODY LIGHT TOWERS

Generac Mobile wide body light towers go WHEREVER you need them. These mobile units are offered in a variety of configurations with options to meet every need. The tubular steel frame, powder-coated enclosure and wide body design are built to stand up to the harshest of conditions. That includes remote locations and rugged terrain.

These vertical mast light towers come standard with an electric winch for easy deployment. Standard analog controls are easy to use and allow for individual light operation. Upgrade to the fully programmable Power Zone® controller with auto start/stop and dusk-to-dawn sensor.

## ROBUST

- Proven performance in extreme environments
- Durable steel frame and enclosure
- Powerful LED or optional metal halide bulbs

## VERSATILE

- Fully adjustable mast and fixtures
- Transport via tow hitch, fork pockets or lifting eye
- Convenience power options from 6 – 15 kW for jobsite power needs

## EASY TO USE

- Ground adjustable mast and fixtures - no tools necessary
- Standard electric mast deploys in < 15 seconds
- Optional Power Zone controller for programmable start and stop

## APPLICATIONS

- Commercial Construction
- Infrastructure / Roadwork
- Oil and Gas Sites
- Military Operations
- Open Mining
- Base Camps
- Outdoor Events

① Durable LED Luminaires

② Fully Rotational Mast

③ ON/OFF Switch for Each Luminaire

④ Fluid Containment

⑤ Heavy-Duty Steel Enclosure

⑥ 4-Point Outriggers

⑦ Convenience Receptacles

⑧ Large Fuel Tank

⑨ Quick Electric Power Mast

## RPM QUICK DRAIN FAST | CLEAN | EFFICIENT

A streamlined oil change process:

- Convenient – no need to reach under machines
- Purges & extracts from the sump
- Evacuates the sump directly to final containment via zero leak quick disconnect
- No spills, dripping filters, drain pans or intermediate containers needed
- Completes engine oil and filter change in less than 10 minutes
- Improve scheduling of assets and reduce downtime.

*Note: Customer has to have the hardware to utilize the RPM system.*

## OPTIONAL POWER ZONE® PLUS CONTROLLER

- Large, easy-to-read, backlit color display
- One-touch manual start with individual light controls
- Dusk-to-dawn sensor or 7-day scheduler automatically starts and stops the unit each day
- Programmable service reminders for custom alerts
- Comprehensive warnings protect the operator and equipment
- Telemetry interfacing for remote monitoring

## SNAP ON DIFFUSE LENS KIT

- Snap on style for quick installation
- Reduces light producing glare
- Solution for glare-free highway applications
