# MLTS LED LIGHT TOWER

## HIGH PERFORMANCE, LOW OPERATING COSTS

The new MLTS LED light tower from Generac Mobile provides powerful, even lighting, simplified controls and low maintenance requirements for maximum return on investment (ROI). A 2-cylinder engine allows for lower initial acquisition cost, a long runtime of up to 165\* hours and low operating costs. The MLTS is designed for equipment rental companies, contractors and end users that are looking for excellent value, utility and reliability.

### FLEX SWITCH™ OPTION

Control your power source and your costs with FLEX SWITCH. This optional feature allows the operator to switch from engine power to utility power when desired - dramatically reducing operating costs, lowering noise and extending runtime.

### FULLY ROTATIONAL MAST

with tool-less  
adjustment from  
the ground

### 1000 HOUR OIL SERVICE

more uptime and  
less labor costs

### CONTAINMENT

optional fuel and coolant containment

### REAR FLIP HOOD

with gas struts opens easily, and stays secure for quick and easy unobstructed maintenance access

### OPTIONAL POWER ZONE® AUTOLIGHT CONTROLLER

### OPTIONAL EXPORT POWER

up to 2.4kW for tools and other jobsite power needs

### ILLUMINATED CONTROLS

and LED running lights for enhanced visibility and safety

## NEW POWER ZONE® AUTOLIGHT CONTROLLER

Upgrade from analog to this intuitive, push-button controller. The Power Zone Autolight controller allows for easy automated operation - dusk-to-dawn, dusk plus 4 hours or dusk plus 8 hours. Monitor engine diagnostics with simple indicator lights.

## DURABLE GENERAC® LEDS

All Generac Mobile LED towers feature our robust LED fixtures, designed to last the life of the tower - a 10-year life expectancy, backed up by a 5-year warranty.

## WHY LED?

### Bright, Consistent Lighting

Truer colors, important for hazard and warning labels and signage, as well as wiring applications. LEDs degrade very minimally over time, unlike metal halide bulbs which lose 50% of their light output within the first 10,000 hours.

### Instant ON/OFF Light

No waiting, save time and enhance safety.

### Fuel Efficient

LEDs consume less power, resulting in extended runtimes and significant fuel savings.

### Long, Durable Generac LED Fixtures

Won't break and don't require bulb changes, for ease of operation and more uptime.

## OPTIONAL SNAP-ON DIFFUSE LENS KIT

reduces glare and stores inside cabinet when not in use

## 320W LIGHT FIXTURES

provide powerful, even light

## MLTS LED LIGHT TOWER

Specifications	USA (METRIC)
Engine Make	Mitsubishi®, 2 Cylinder
Onboard Export Power: kW	Optional, 2.4
Max Mast Height	23 ft (7 m)
Winch	Manual, Electric Option
Lights	(4) 320W LED
Total Lumens	188,000
Coverage @ Min. 0.5 ft-c	25,068 ft² (2,328 m²)
Diffuse Light	Optional Snap-on Diffuse Lens Kit
Max Run Time (Lights Only)*	165 hrs
Standard Controller	Analog, Optional Power Zone PLUS Autolight
Dusk-To-Dawn Sensor	Optional with Power Zone
Individual On/Off Light Control	Yes
Oil Service Interval*	1000 hrs
CSA Certified	Yes
